- Scrum
- Agile

SUMMARY

Junior Full-Stack Developer with hands-on experience delivering robust web applications and API integrations using Javascript, React, Node.js, and Flask. Skilled in crafting responsive user interfaces, building secure backend architectures, and deploying scalable solutions with AWS, Docker, and Kubernetes. Committed to writing clean, well documented code and thriving in collaborative team environments. Driven by a deep enthusiasm for solving real world problems through thoughtful, impactful technology.

PROJECTS

POPPERZ - FULL-STACK APPLICATION

IN DEVELOPMENT - 2025

- Designing and developed a full-stack MERN website to provide a seamless and engaging experience for club-goers.
- Building an integrated ticketing system allowing users to purchase and manage event tickets online via Eventbrite & Square integration.

ORBIT - FULL-STACK CHATTING APPLICATION

GITHUB.COM/EVAN-CODES88/ORBIT

- Designed and developed a basic online chatting app using the MERN stack, focusing on a seamless and responsive experience.
- Developed an intuitive user authentication system with JWT-based authentication and role-based access control.
- Designed a modern, engaging UI/UX, ensuring accessibility and a visually appealing texting experience.

LIBRARY MANAGEMENT SYSTEM - API

GITHUB.COM/EVAN-CODES88/LIBRARY_MANAGEMENT

- Developed a Flask-based REST API to streamline library operations, including book management, member tracking, and loan processing.
- Implemented a structured database system using SQLAlchemy to efficiently store and manage books, members, and loan records.
- Designed an intuitive API with CRUD operations, ensuring seamless interactions for managing library resources.

WORK EXPERIENCE

CUSTOMER SERVICE ADVOCATE

FOUNDEVER AUSTRALIA - SQUARE

Jan 2025 - Present

- Provide exceptional customer support by managing inbound phone inquiries and resolving seller issues efficiently.
- Utilise problem-solving skills to troubleshoot account, payment, and product-related concerns.
- Maintain a high level of empathy and professionalism, ensuring sellers received personalized assistance.

FREELANCE FULL-STACK WEB DEVELOPER

Dec 2024 - Present

- Design and develop responsive, user-friendly websites and web applications tailored to client needs.
- Build and maintain full-stack solutions using JavaScript, React.js, Node.js, Express, MongoDB, and SQL.
- Optimise performance and scalability through Docker, Kubernetes, and cloud deployment (AWS & Google Cloud).

DIGITAL MARKETING & WEB DEVELOPMENT COORDINATOR

POPPERZ NIGHTCLUB
Jun 2022 - Present

- Manage event creation and ticket sales through Eventbrite, ensuring smooth event registration and maximising attendance.
- Utilised Square to process payments efficiently, maintaining a seamless transaction experience for customers and staff.
- Currently developing Popperz Nightclub's website, focusing on enhancing user experience and increasing online engagement.
